Description

For outdoor hiking excursions in regions with challenging terrain, 12 Survivors' GeoTrek Trekking Poles are essential for added stability and covering ground more quickly. For both climbing and descending, these light weight, durable trekking poles feature an easily adjusted twist-locking mechanism for length adjustment, an anti-shock mechanism with interior springs and no-slip grips that easily support hikers for reliable on-trail performance. Our GeoTrek poles feature trekking baskets for additional support and a durable carbide tip and snow baskets for handling rocky and icy terrain with confidence. These multipurpose poles also provide a surefire way to hold up the rain fly on your tent, providing added shelter from the elements.

Features:

- Twist lock mechanism
- Anti-shock on/off mechanism with interior springs
- 5 inch custom rubber no slip grips
- Trekking baskets for additional support
- Durable rubber tip can be removed
- Padded wrist loops
