Incl. VAT 21%: 2,69 €

Input plug	USB-C
Output plug	USB-C
Maximum power	60W PD (Profile 3)
Data transfer	480 Mbit/s (USB 2.0)
Cable length	120 cm
Cable structure	Textile braided, magnetic
Colour	Black
Operating temperature	-20 to +50 °C
Storage temperature	-30 to +70 °C

Care and Maintenance

- Keep the cable clean and free of debris from the magnetic segments.
- Avoid bending the connectors sharply.
- Store in a cool, dry location when not in use.
- Do not expose to high heat, open flame or moisture.
- Disconnect from power sources when not charging devices.

Regulations and Standards

- Complies with USB Power Delivery standards (Profile 3 - 60W).
- Meets European electrical and safety requirements for consumer charging cables.
- Constructed with durable materials tested for temperature resistance

and long-term use.

Other Useful Information

The integrated magnetic design makes this cable an excellent choice for organised everyday carry. It prevents tangling, simplifies packing and allows quick access while travelling. The textile jacket improves durability and reduces wear, making it suitable for heavy daily use in offices, home setups or on-the-go charging.

Its 60W Power Delivery support allows charging of many ultraportable laptops, tablets and fast-charging smartphones, making it significantly more versatile than standard low-power USB-C cables.

Glossary of Terms

- **USB-C:** A universal reversible connector standard used for power and data.
- **Power Delivery (PD):** A fast-charging protocol that negotiates power levels up to 60W+ depending on the charger and device.
- **Magnetic cable:** A cable with integrated magnets that attach to each other for organisation or length adjustment.
- **USB 2.0 (480 Mbit/s):** Data rate specification for basic file transfers and device communication.
