Description

FIRST MINI-SIZE FLASHLIGHT IN WIZARD SERIES

Wizard C1 Pro is a compact and lightweight multi flashlight with professional advanced operation.

This model is for every area in which the weight of equipment plays an important role: professional sports, long-distance hiking trips, fishing, household use, use as an additional light source for hunting or during special operations.

Light output up to 1000 lumens and beam distance up to 100 meters: the flashlight's brightness is only slightly inferior to the characteristics of the larger models. The main difference is runtime – impressive for its size 60 days on a single power source. Special technology allows to charge any 18350 Li-Ion battery inside the flashlight using magnetic USB cable.

Wizard C1 Pro is attached to metal surfaces with a powerful magnet in the tailcap, securely fixed in the headmount and placed in any position on clothes, belt or bag using a clip. Moreover, there is a hole for lanyard or a key ring in the tailcap. The model is also compatible with bicycle mount ABM-01 and hard hat mount AHM-02.

WIZARD C1 PRO – MULTI FLASHLIGHT 3 IN 1

HEADLAMP

- Simple one-hand operation, reliable headmount
- Solid body without long wires, weak rubber connectors and unnecessary boxes
- The flashlight is easily installed, removed and 180° rotatable in the mount

EVERY DAY CARRY LIGHT

- Compact design
- Convenient side button
- Special matt anti-abrasive finish without rough knurling
- Strong built-in magnet and removable robust steel clip

KEYCHAIN LIGHT

- Compact and lightweight for even more comfortable carry in a pocket
- Hole for keyring or lanyard in the tailcap

BEST FEATURES OF THE UPDATED LINEUP IN A COMPACT SIZE

Innovative optical system: better light output, greater beam distance with comfortable wide spill.

Maximum LED efficiency: we achieved impressive 1000 lumens.

Upgraded body: optimized head design for improved heat dissipation and brighter light with more lumens.

Enlarged side button: softer and more comfortable pressing.

Innovated electronics and firmware: extended runtimes and enhanced brightness.

Simple operation by default: easy to use right out of the box, possible to switch to professional advanced operation with 11 modes.

Improved springs: new springs for better protection of the battery and driver and increased performance efficiency.

New magnetic charger: the flashlight charges 2 times faster (1 h).

ADVANTAGES OF WIZARD SERIES FLASHLIGHTS

- **Pro** Powerful electronics provides impressive light output of 1000 lumens. Constant brightness even at low ambient temperatures and not fully charged battery.
- **Pro** Multicolor temperature, battery level and state indication with the ability to turn off the latter.
- Convenient wide beam of fully upgraded optical system, TIR-lense is protected from scratches by tempered glass with anti-reflective coating.
- Innovative technology allows using any 18350 Li-Ion batteries and provides full protection against short circuit even in case of contact between magnetic connector and metal objects.
- Active real-time temperature control to prevent overheating above 58 °C.
- Total protection from water, dirt and dust in accordance with IP68 standard – flashlight continues to work even at 10 meters depth. Withstands fallings from up to 10 meters.
- Robust and water resistant magnetic connector.
- No hassle warranty 10 years.

18350 Li-Ion battery (900 mAh) is included in the set.

Brand country – Canada.
