Description

Every-Day Carry is the name for the essentials that are with us every day. Ideally they should be as simple as possible, versatile and well thoughout. And that's exactly what our EDC backpack is like - designed with everyday carry requirements in mind. The backpack has spacious, two-chamber construction. The main chamber has slick interior, without any additional pockets or organizers, only with hydration bladder hanger. Front chamber is lined with soft velour velcro fabric, compatible with our Versatile Insert System®, which allows you to personalize your pack as you need. Front and sides of the packs are covered with MOLLE/PALS compatible webbing. Additionally, there is a large piece of loop-velcro for various patches on front of the pack.

Pouches not included.
