Super tough Military specification daypack with internal frame for load support.

Description

Berghaus Munro II IR Army Backpack, 35 L

The **Berghaus Munro II IR Army Backpack** is a military-grade daypack designed to withstand the rigors of demanding outdoor and tactical environments. It features an infrared (IR) coated fabric, offering enhanced protection against night vision detection, making it ideal for covert operations. With an internal aluminium frame for load support and a 35-liter capacity, this durable backpack provides both comfort and functionality.

Key Features:

- **Infrared (IR) Protection:** The backpack is made with a special infrared-coated fabric, which reduces its visibility to night vision and infrared detection devices. This is crucial in military and tactical operations where low visibility is required.
- **Internal Frame for Load Support:** The built-in aluminium frame ensures the load is well-distributed, providing stability and reducing strain during long missions.
- **Padded Backsystem:** Offers superior comfort with a padded back panel for extended wear.
- **Accessory Attachment Points:** Four accessory attachment points with shock cords for securing extra gear and tools.
- **Top Lid Pocket:** Easy access to essentials with the top lid pocket.

Infrared Protection:

The IR-coated fabric used in the **Berghaus Munro II IR Army Backpack** is designed to reduce visibility under infrared and night vision equipment. This feature ensures that the backpack remains undetected by enemy surveillance or detection equipment, providing a tactical advantage during covert missions. The infrared coating reflects infrared light in a way that mimics the surrounding environment, reducing the risk of detection in low-light and nighttime operations.

Brand Country - Netherlands.

With its robust design, infrared protection, and superior load support, the **Berghaus Munro II IR Army Backpack** is the ideal choice for military and tactical operations where stealth, durability, and comfort are essential. Whether in the field or on covert missions, this backpack will meet the needs of even the most demanding users.
