Description

Berghaus Tactical FLT HELMET POCKET IR, Stone Grey Olive

The FLT Helmet Pocket - IR offers convenient storage for a helmet when it is not required to be worn. It allows for quick access, so the helmet can be retrieved rapidly when needed. Alternatively, this pocket can be used to carry apparel, boots, or other essential gear. The pocket fits onto any FLT rucksack using the Accessory Connector Hooks (ACH), and can also be carried individually when paired with the FLT Shoulder Harness.

Key Features

- **Accessory Connector Hooks (ACH):** Easily attaches to the front of any FLT rucksack.
- **Versatile Storage:** Ideal for helmets, apparel, boots, or other essential items when not in use.
- **Infrared (IR) Protection:** The FLT Helmet Pocket - IR is made from Cordura 560 dtex fabric, which is specially coated to reduce visibility to infrared and night vision devices. This IR coating meets the Bundeswehr standards TL 8305-0278, providing essential stealth in tactical operations where avoiding detection is critical.
