Description

The Boker Plus Kwaiken Flipper by Lucas Burnley is probably one of the most influential designs of the 21st century. With its clear and practical shape, this modern pocket-knife has become a true icon. The clean lines and slim design, which nevertheless accommodates the entire blade when closed, are absolutely unique. It is the further development of the well-known Burnley Kwaiken Classic, a driving knife also in the neo-Japanese style. The flipper ensures intuitive operation and additional safety, while the titanium framelock with stainless steel inlay and overtravel stop securely locks the ball-bearing straight-back blade made of M390. The exclusive claim of this premium version, strictly limited to 500 pieces worldwide, is underlined by the handle scales made of wild carbon fibre with green colour inclusions. The slim design and exclusive material make the Kwaiken a noble crossover between a gentleman's folder and a tactical combat knife. To make this bridging even easier, the Kwaiken Mini Limited offers the same outstanding qualities as its big brother with significantly reduced (and thus more pocketable) dimensions. The titanium clip is milled from the solid and allows tip-up (r) carrying. Supplied with a high-quality nylon case.

- Overall Length: 18,50 cm
- Blade Length: 7,70 cm
- Blade Thickness: 3,20 mm
- Weight: 79,00 g
