Type	Safety Razor, Open Comb
Overall Length	8.5 cm
Weight	67 g
Handle Material	Solid brass, nickel-plated
Razor Head	Solid brass, nickel-plated
Blade Compatibility	Standard double-edge blades

### Other Useful Information

Historically, **safety razors** became popular in the late 19th and early 20th century, after centuries of straight razor dominance. While straight razors required honing, stropping, and significant skill to use safely, safety razors provided a far **safer, more user-friendly alternative**. Their protective combs and replaceable blades allowed men to shave at home without visiting a barber. This innovation revolutionized shaving worldwide, combining efficiency with reduced risk of cuts, and remains a symbol of classic grooming tradition.

## ORDER CONFIRMATION

---

- **Open Comb:** A razor head design with exposed teeth that guide and lift hair, making it especially effective for shaving longer or denser beards.
- **Safety Razor:** A razor with a protective device positioned between the blade edge and the skin, designed to reduce the risk of cuts compared to straight razors.

## Heritage of Böker Solingen

Since **1869**, **Böker** has been producing some of the finest cutting tools in the world from its factory in **Solingen, Germany** – the historic "City of Blades." Renowned for its premium knives, razors, and grooming tools, Böker combines **traditional craftsmanship with modern precision**. The Böker Safety Razor line continues this legacy, bringing timeless wet-shaving instruments to discerning users who appreciate both **heritage and quality**.
