Description

3D Series 10x50mm HD Anti Fog Waterproof Binoculars with ED Glass TD-050ED

The TD-050ED, 3D Series 10x50mm High Definition Waterproof Binoculars with ED Glass is part of our 3D/ED Series Binocular line and combines dielectric prism coatings with ED glass. ED glass gives you the brightest, and clearest image possible. ED Glass reduces the amount of chromatic aberration that occurs as light passes through a binocular. Chromatic aberration presents itself as color fringes that appear around your viewing subject. Dielectric prism coatings greatly improve light transmission, brightness and provide clear, high contrast images that show accurate color reproduction.

TD-050ED binoculars with ED Glass are ideal for hunting or birding. Rubberized armor coating makes this full-sized 3D/ED Series binocular rugged and shock proof. The body is nitrogen purged and O-ring sealed making them waterproof and fogproof. Extra long eye relief with twist down eyecups make this full-sized 3D/ED Series glass binocular perfect for eyeglass wearers. The precisely placed thumb grooves, "just right" texturing and all-over lightweight body ergonomics make the 3D/ED Series binoculars perfect for long hunts or bird watching expeditions. The TD-050ED is also perfect for outdoor activities or sporting events.

* Warning - The case for this device contains magnets which can interfere with pacemakers and implantable cardioverter defibrillators (ICD's). Individuals with pacemakers or ICD's should NOT use this product.

Carson Optics

Carson Optical was founded in 1990 by Richard Cameron. With over 29 years experience in the optics industry, Carson has dedicated a team of engineers whose sole mission is to improve the customer experience. The company's product line has grown exponentially to encompass a broader range of products and accessories that reflect the needs of its client base. Carson's commitment to excellence is the foundation of the company. As the number one manufacturer of US magnifiers and one of the leading suppliers of binoculars, Carson's entire product line consistently boasts first-rate quality at affordable price points.
