Description

Casio Standard Digital Watch WS-1700H-1AV

The **Casio WS-1700H-1AV** is a rugged, multifunctional digital watch designed especially for **marine sports lovers and outdoor enthusiasts**. Featuring a heavy-duty polygonal case and multi-window display inspired by technical instruments, it delivers both style and function. The large LCD face combines digital and analogue-style displays with **tide graph and moon data functions**, ensuring you always have the critical information you need at a glance.

With **10-year battery life, 100-metre water resistance**, and a host of timing features, this watch is built for reliability on land and at sea. Whether tracking tides for fishing, monitoring moon phases for navigation, or timing training sessions, the WS-1700H-1AV delivers everything in a clear and practical layout.

This watch is designed to provide **accurate tide and moon data** for ocean-related activities while doubling as a durable everyday timepiece. Its purpose is to equip wearers with essential marine timing information and dependable timekeeping over long periods, even in tough environments. Perfect for **marine sports enthusiasts, surfers, sailors, anglers, divers, fitness trainers, and outdoor explorers**. It is also well-suited to those who prefer a functional and stylish sports watch with long-lasting
