A compact and effective fire-starting tool

Description

Coghlan's Flint Match from Tinder Kit

The Coghlan's Flint Match is a compact and effective fire-starting tool that utilizes a flint striker to ignite petrol-soaked wadding, creating a reliable flame for fires, camping stoves, and more. This tool mimics the principle of a classic lighter, ensuring a simple but effective solution for fire-starting in outdoor or emergency situations.

Features

- Ignites wadding soaked in petrol with a flint striker
- Provides a reusable and compact fire-starting option
- Operates by striking metal "match" against a flint on the case
- Plastic body for durability and ease of handling
- Compact size: 28 mm x 38 mm x 9 mm

Usage Instructions

Please ensure the cotton wadding is soaked in petrol before use. Allow any excess petrol to drip off carefully to reduce fire risk. Always operate away from the body and keep flint sparks from contacting skin or clothing.

Safety Warnings

- Not suitable for children under 12 years - risk of fire.
- Children over 12 should only use this product under adult supervision.
- Handle the fire striker with care; it has sharp edges.
- Always remove excess petrol before use to prevent fire hazards.
