## Description

Since their introduction in 2006, Cold Steel's® Brooklyn Series baseball bats have been a hit! Precision injection molded from heavy-duty polypropylene, these incredibly tough racquets are not only tougher than most traditional racquets, they're also more durable!

They will not rot, crack, chip or fade! You don't have to worry about dirt, either, as the rackets are weatherproof and can be cleaned with nothing more than soap and water. They are ideal for school sports and league games alike and can be used as a regular game racquet or as a warm-up or practice racquet. For the martial artists among you, they can even serve as general training aids to develop strength and eye-hand coordination. You'll find the right racquet here, be it the mini collectible racquet (Brooklyn Shorty), the awesome oversized racquet (Brooklyn Whopper), or anything in between.
