Description

The Condor® Enforcer Releasable Plate Carrier is the improved version of the QPC Plate Carrier, with additional front pocket. The Plate Carrier has a quick release system and is designed to carry protective ballistic plates and soft ballistics. The modular webbing is built in the front, back and side of the vest, flat additional pocket in the front area. Side and height adjustment is done by webbing with Velcro. Inside the vest is processed a lightweight mesh and spacer fabric for better ventilation and greater comfort

Details:

Quick release system.

Large pocket on the front side with Velcro and snap fastener.

Velcro shoulder pads

Velcro area on the front and back.

3D Airmesh lining.

velcro loops in shoulder area for hydration tube and electronic cables.

Rescue handle

Internal webbing holder for common ceramic plates up to a size of 26 x 34
