Description

The structure is made of 1000 Denier Nylon.
This chest rig is very comfortable and versatile thanks to its configuration and the high presence of MOLLE bands.

- Features :
- High quality waterproof "YKK" zip;
- On the sides, two water-resistant utility pockets, to ensure protection of the sensitive material contained inside.
- Internally, on the front side, a pocket for ballistic plate with relative fixings;
- Three double magazine pouches caliber 5.56x45 mm NATO "open split" mod with MOLLE system;
- 1 single magazine pouch for 9 mm caliber pistol with Velcro flap and equipped with MOLLE system;
- Padded and adjustable shoulder straps;
- Two elastic buttonholes sewn externally on both shoulder straps for the passage of hydration systems;
- Coyote tan color velcro recognition system, sewn on a MOLLE band (the first starting from the top and with dimensions equal to the same length of the band) of the "admin" panel.
