Description

Fire is one of the main dangers during dynamic operations, especially in CQB. DIRECT ACTION® NOMEX GLOVES are made entirely of flame retardant materials, like genuine DuPont Nomex®, and goat leather. Reinforcement in key areas will protect your hands from damage, while a carefully selected leather thickness retains your trigger feel. The Short version goes just over your wrist with a hook & loop adjustable cuff.

Specs:

- Made of flame retardant fabric
- Internal part made of goat leather
- Gloves construction provides maximum freedom of movement
- Reinforcements on finger and knuckles
- Short cuff with hook&loop adjustment for better fitting to wrist
- Loop for hanging gloves
