Description

Innovative, multi-patented DuoSharp® Bench Stone is a precision flat, two diamond surfaced sharpener guaranteed to provide consistent, even sharpening every time. 8" DuoSharp® Bench Stone, an excellent counter and bench sharpener, with a larger, wider diamond surface for sharpening a variety of edges. Choose from the following grit combinations: coarse/extra-coarse, fine/coarse, extra-fine/fine or extra-fine/coarse.

Grit Descriptions:

- Extra-Fine diamond (9 micron / 1200 mesh) to polish and refine a razor edge after sharpening with a coarser diamond
- Fine diamond stone (25 micron / 600 mesh) for a razor sharp edge.
- Coarse diamond stone (45 micron / 325 mesh) to quickly restore a neglected edge.
- Extra-Coarse diamond (60 micron / 220) when significant removal of material is needed for damaged edges.

Sharpening with diamonds is fast and easy. No messy oils needed—sharpen dry or with water. Durable construction will provide years of consistent
