## Description

Innovative, multi-patented DuoSharp® Bench Stone is a precision flat, two diamond surfaced sharpener guaranteed to provide consistent, even sharpening every time. Now offered with Hardcoat™ surface for extra durability when used specifically for the hardest steels and ceramic blades. Designed to withstand the rigors of sharpening ceramic knives, this 8" DuoSharp® Bench Stone, is an excellent counter and bench sharpener, with a larger, wider diamond surface for sharpening a variety of edges. The model comes with a Bench Stone Base Accessory. HC™ Extra-Fine diamond (9 micron /1200 mesh) to polish and refine a razor edge after sharpening with a coarser diamond; HC™ Fine diamond (25 micron / 600 mesh) for a razor sharp edge.

Model: W8EF-H-WB

Sharpening with diamonds is fast and easy. No messy oils needed—sharpen dry or with water. Durable construction will provide years of consistent performance and reliable service. For proper tool maintenance, woodworkers, chefs and other professionals rely on the superior quality and versatility of DMT® products. Made in USA.
