### Description

Convenient, lightweight and portable 4" x 1" Diamond Whetstone™ sharpener works well on knives, garden and specialty tools, etc. Convenient size measures 9 1/2" long when open and 5" when closed. Folding plastic handles protect sharpener when not in use. Sharpens in a fraction of the time required by conventional stones. No messy oils needed -- sharpen dry or with water. Durable construction will provide years of consistent performance and reliable service.

#### Grit Descriptions:

- Extra-Coarse diamond (60 micron / 220 mesh) when significant removal of material is needed for a damaged edge.
- Coarse diamond (45 micron/ 325 mesh) to quickly restore a neglected edge.
- Fine diamond (25 micron / 600 mesh) for a razor sharp edge.
- Extra-Fine diamond (9 micron / 1200 mesh) to polish and refine a razor edge after sharpening with a coarser diamond.

For proper tool maintenance, woodworkers, chefs and other professionals rely on the superior quality and versatility of DMT® products. Made in USA.
