Description

Duracell offers a wide range of batteries to be used in electronics that require reliable power. Duracell batteries are multi-purpose alkaline batteries ideal for reliably powering everyday devices that require a kick of additional power. Duracell alkaline batteries are available in size AA, AAA, C, D and 9V. Duralock technology keeps unused Duracell batteries fresh and powered up to 10 years in ambient storage. These batteries give you the freedom to enjoy the use of your appliances by giving you a product you can rely on. The Duracell batteries are best used when you are looking for reliable, long-lasting power in your every day devices such as motorized toys, flashlights, portable games consoles, remote controls, etc. In 1969, Duracell was part of the Apollo 11 mission and became the first battery on the moon.

- Lasts up to 50% longer* *vs. ordinary carbon zinc AA batteries in
