Description

The Esperanza Globetrotter ETS002 electronic luggage scale was designed with travelers in mind, taking care to ensure precise control over the weight of their luggage during airport checks. Thanks to it, you can enjoy stress-free travel, avoiding excessive fees for exceeding the weight of your luggage. With a maximum load capacity of up to 50 kg and a scale in 100 g increments, it guarantees extreme measurement precision, allowing you to accurately determine the weight of even the smallest items. The tare function allows you to zero the scale when you place a container or other object on it, allowing you to accurately measure only the net weight.
