Description

Fallkniven A1x Survival Knife, Lam. CoS Steel

The **Fallkniven A1x** is the ultimate survival knife, combining strength, sharpness, and safety into one exceptional tool. Designed to handle extreme stresses, this knife is virtually indestructible when used as a precision instrument. Whether you're navigating through challenging environments or facing life-threatening situations, the A1x is a trusted companion you can rely on.

The key to the A1x's strength lies in its laminated cobalt steel blade, paired with a hand-shaped convex edge and a robust construction that eliminates break zones. This knife sets the standard for safety, durability, and ergonomic design, making it the most reliable survival tool in the world.

Features

- **Blade:** Laminated cobalt steel (Lam. CoS) available with a satin finish or Tungsten Carbide coating for the black version.
- **Edge:** Convex grind for superior cutting performance and edge durability.
- **Tang:** Full tang construction for maximum strength and stability.
- **Handle:** Ergonomic Thermorun handle for a secure grip in all conditions.
- **Sheath:** Advanced Zytel sheath with a transport lock and working

safety mechanism for secure carrying.

Black Version Features

The black version of the A1x features an ultra-durable Tungsten Carbide coating with a hardness rating of 2400 HV (Vickers) or approximately HRC 83. This provides exceptional wear resistance, although sharpening may affect the coating over time.

Smart and Secure Sheath

The Zytel sheath is designed for both safety and accessibility, featuring a transport lock and a working safety detail. This dual mechanism ensures the knife stays securely in place while allowing for quick and easy access. The sheath accommodates tip-up and tip-down carry configurations for added versatility.

Optional Accessories

- [A1el Leather Sheath](#) for a classic carrying option.
- [A1ezLeft Left-Handed Sheath](#) for left-handed users.
- [Strap Pack](#) for enhanced carrying flexibility with the X-sheath.

Additional Information

- **Steel:** Lam. CoS
- **Hardness (HRC):** 60
- **Weight (Knife Only):** 401 g
- **Blade Length:** 161 mm
- **Blade Thickness:** 7 mm
- **Total Length:** 284 mm
- **Coating:** Satin finish or Tungsten Carbide coating

The A1x: A New Standard in Survival Knives

The A1x represents the pinnacle of survival knife engineering. Every detail has been carefully crafted to ensure maximum functionality, safety, and durability. From the high-quality laminated cobalt steel blade to the innovative sheath design, the A1x is the perfect choice for professionals and enthusiasts alike.
