Description

Fallkniven DC521 Bench Stone Diamond/Ceramic

The Fallkniven DC521 Bench Stone is a premium sharpening tool designed for serious enthusiasts and professionals. Featuring dual surfaces—an aggressive diamond stone for quick sharpening and a fine ceramic stone for precision honing—it provides the versatility needed to maintain perfect edges on tools, chef knives, and more. Both surfaces are precision-flat, ensuring superior sharpening results every time. Delivered in an elegant gift box, the DC521 makes an excellent addition to any sharpening setup.

Key Features

- **Dual-Sided Design:**
 - **Diamond Side (Yellow):** Fast and aggressive for sharpening thick or dull edges.
 - **Ceramic Side (Dark):** Slow and fine for achieving a razor-sharp finish.
- **Precision Flat Surfaces:** Ensures consistent and accurate sharpening

- **Diamond Grit:** 25 micron
- **Ceramic Grit:** 5 micron
- **Packaging:** Comes in a high-quality gift box
- **Brand Country:** Sweden

Why Choose the Fallkniven DC521?

The DC521 Bench Stone is a versatile and high-quality tool designed for anyone who values precision and durability. The diamond side provides quick sharpening for thick or dull edges, while the ceramic side offers a slow, fine finish for a polished edge. Whether you're maintaining kitchen knives or outdoor tools, this bench stone ensures optimal performance every time.

Usage Tips

Use the diamond side for initial sharpening, especially for dull or thick edges. Once a satisfactory sharpness is achieved, switch to the ceramic side for fine honing and a razor-sharp finish. Keep the surfaces clean and free of debris to maintain effectiveness. For best results, refer to the included sharpening guide.

Perfect for Professionals and Enthusiasts

The Fallkniven DC521 is an essential tool for chefs, outdoor enthusiasts, and tool users who demand precision and reliability in their sharpening equipment. With its dual-surface design and superior build quality, this bench stone is a must-have for achieving and maintaining perfect edges.
