## ORDER CONFIRMATION

Blade Thickness	3.0 mm / 0.12 in
Weight	110 g / 3.88 oz
Country of Origin	Italy

### Usage & Training

The Chiroptera is designed for users trained in **Karambit manipulation**. Its unique curvature and ergonomic geometry demand muscle memory and precision handling. Ideal for professional use in **defensive tactics, martial arts, and tactical environments**.

### Glossary

- **Karambit:** Curved-blade knife originating from Southeast Asia, used for control, slicing, and retention.
- **N690Co:** Austrian stainless steel enriched with cobalt, providing toughness and edge retention.
- **Top Shield® Coating:** Advanced anti-corrosion finish with matte tactical appearance.
- **G10:** Composite fiberglass laminate offering excellent grip and structural strength.
- **Back Ring:** Traditional Karambit feature allowing rotation and retention during combat applications.
