Description

The King Tiger was the heaviest production tank of World War 2. With its powerful long barreled 88mm gun it was capable of destroying a Sherman tank from a 3,500 m distance. The King Tigers were issued to the army in February, 1944, and were first used in combat already in May, in battles near Minsk. Two companies equipped with these formidable machines participated in the Battle of Normandy, during the D-Day. The King Tiger operated by the experienced crew was the most dangerous enemy for any tank.

- No glue required
- Scale 1:72
- Amount of parts 86 pcs
- Size 14.3 cm
- Recommended to childrens older than 10 years

Not recommended to children younger than 3 years of age.

Made in RF.
