Description

HASPRO MULTI10 - QUALITY HEARING PROTECTION

HASPRO Multi10 contains 10 pairs of earplugs made of super soft polyurethane foam, boasting a high attenuation value of 38 dB. Specifically designed to adapt to each user's ear canal, they offer one of the highest noise reduction levels among products of their kind. Comfortable and practical, they protect against all forms of excessive noise - a major cause of hearing loss, discomfort, headaches and fatigue.

EACH PAIR PACKED SEPARATELY

MULTI10 is a perfect solution for those who wish to maintain rigorous hygiene standards - a quality that is more important now than ever before. Each of the 10 pairs of earplugs in a MULTI10 set is packed separately, allowing you to use a set while keeping the others clean and safe for future use. Each pair is wrapped in a small foil package so they can be removed from the box, transported or shared out to others as required with maximum ease.

FAST AND EASY FIT

HASPRO Multi10 earplugs have been carefully designed so that everyone can wear them comfortably. The soft material used to form the plugs is soft and malleable enough that they can reshape themselves to fit the user's ear within 30 seconds or less, allowing for the very best in comfort and protection.

SLEEP, ANTI-SNORING, OFFICE, WORK ...

HASPRO Multi10 earplugs can be used when sleeping, traveling, relaxing, working, studying, or carrying out any activity that would typically expose the wearer to high levels of noise. You can even pop them in when you

Why is hearing protection so important?

Being in high level of noise for a long time can negatively affect our mood, concentration and our effectiveness. The longer we are in excessive noise, the faster we feel fatigue, which turns into pain and dizziness and can even lead to health problems such as damage to health in the form of damage to the organ of hearing.

In accordance with art. 38 of the Act on Consumer Rights, the product mentioned above is not returnable for hygienic reasons if the packaging was opened after delivery and the product was used.

Made in Poland.
