Description

The Guardian Smallpack is a backpack designed for the Guardian Plate Carrier tactical vest. The interior is lined with a soft hook & loop, allowing additional accessories to be attached. The main compartment is spacious enough to hold a hydration bladder or similarly sized items, extra jackets, poncho liners, etc. The Guardian Smallpack boasts a variety of features. At the top, there is an internal zippered pocket, while lower down, there is a hook & loop panel with a modular webbing system. The top flap, when unzipped, has a modular system for attaching accessories, and the sides have compression straps. A rubber cord at the bottom of the bag allows for the attachment of a jacket or other essential items.

Features:

- Detachable straps
- Space for hydration inserts and tube outlets on both sides
- Can be attached to a plate carrier or chest rig
- Compression straps fastened with G-hook
- Weight [g] - 748
- Volume - 4,5 l
- Material - 100% Nylon

Brand country - Poland.
