FAQ

Can I wear it with a balaclava under a helmet? It makes it comfortable under helmets and hats without creating pressure points.

Does it cover the nose and mouth? you to cover or expose the nose and mouth depending on conditions and comfort.

Is it suitable for sports like running or cycling? good choice for running, cycling, and other active use where moisture management matters.

Is the fit tight or loose? It fits close to the face. The Lycra content adds stretch so it conforms well without feeling overly tight.

Glossary

- **Balaclava:** A close-fitting head and face covering that protects against cold, wind, dust, and friction under gear
- **Flat Seams:** Low-profile seams designed to reduce rubbing and pressure points when worn under other equipment
- **Lycra:** A stretchy fiber added to fabrics to improve fit, flexibility, and shape retention
