Description

PATHFINDER Canteen Cooking Set is a simple camping set that allows you to boil water or prepare a meal during the trip. The elements made of durable stainless steel guarantee that the equipment will not be damaged when carried in an outdoor backpack or bushcraft bag. The silicone seal in the bottle prevents liquids from spilling out, and the wide mouthpiece makes it easy to draw water even from very shallow tanks and streams.

Pathfinder products are designed by Helikon-Tex Bushcraft Line Ambassador - Dave Canterbury. His many years of experience as a survival expert and trainer at Pathfinder School in Ohio, USA, resulted in a wide range of products made for the most demanding users.
