Description

Until now it might have been totally inconceivable to even think of combining the classic UTP® functionality with a more feminine outlook, demanded by some of our female clients. But now, ta-dam, here it is: a novel tactical skirt, an absolute first in our ladies' Urban Tactical collection, and as far as we know - the only one such on the market. Elastic waistband with velcro closure allows the skirt to be adjusted for size, while wide belt loops allow to use belts up to 50 mm wide. The fabric used is lightweight, breathable, and dries quickly. The front pocket edges are reinforced for lights or knives' mounting clips. Two rear pockets are wide enough to keep magazines. They have two smaller inner pockets for additional equipment. The thigh pockets layout is the same as in UTP®/UTS®. Two of these velcro-closed will take a magazine or a smartphone, while the two larger, zippered pockets can carry a wallet or ID pouch. To reduce weight, these are partly made of thick mesh. Front belt loops have lanyard loops. Full functionality of the UTP® in a fully-feminine version.

Features

- Elastic waistband with velcro fastener
- 50 mm wide belt loops
- Two key loops, D-ring or karabiner compatible
- Classic jeans 'neck' shape prevents riding down
- Two classical front pockets with strengthened edges for gear clips
- Two wide back pockets
