Description

What to do, when it's stifling hot and yet you need to go tactical and need all the tactical functionality of the UTP® pants? Try the UTS®, Urban Tactical Shorts® or our best-selling pants cut-down version.

The cut and pockets layout allow them to stay civilian enough not to disclose the wearer's identity, while still allowing to wear full set of tactical equipment. Elastic velcro-closed belt allows a measure of adjustment within the size. Large belt loops allow wide belts like EDC, UTL® or Cobra®. Plus the cut (nicked from blue jeans, out of all to choose from) prevents loosing the shorts while wearing.

By judicious layout of the pockets, equipment can be placed close to the center mass, around the hips and waist. Front and rear pockets edges are reinforced to withstand constant movement of light or knife clips. Two velcro-closed front pockets are big enough to carry a smartphone - or even an AR/AK rifle magazine. Thigh zippered pockets look flat - but its design allows pouches or wallets to be carried with ease. A wide variety of colors allows to match shorts to the rest of wardrobe or working conditions.

Belt not included
