## Description

The only gas stove you'll ever need in the wilds, the Fastboil is true to its name - boiling water in under 5 minutes. The stove is designed to be compact and fit snugly inside the pot, along with stand and a 100g gas cartridge, making this ideal for lightweight campers and backpackers. Conditions aren't always bonnie, so the Fastboil gas stove has a Piezo ignition and heat transmitters to start and protect the flame if it's gusting up a storm.

Your Fastboil 3 Gas Stove comes with a 1.1l pot, pot stand, stabiliser and insulating sleeves. Just add a valved gas cartridge and you'll have everything you need to scratch your caffeine itch wherever you are.

Colour	Olive
Size	1.1L
Material	Hard anodised aluminium
Compatibility	With 100g or 450g valved gas cartridge
