Description

Highlander Forces Defender 450 Sleeping Bag – 4 Season

The **Highlander Forces Defender 450 Sleeping Bag** is a warm and durable **4 season mummy sleeping bag** designed for cold weather conditions. With a **comfort rating of -1°C** and a **lower limit of -7°C**, it provides reliable insulation for demanding outdoor environments.

Built for colder nights, the Defender 450 combines **high insulation performance** with practical design features for field use, camping and extended outdoor stays.

Key Features

- 4 season sleeping bag
- Comfort rating: -1°C
- Lower limit: -7°C
- Thermal hood with drawcord
- Shoulder baffle to minimise heat loss
- Full-length 2-way anti-snap zip
- Wide foot box for comfort

Design and Thermal Performance

The Defender 450 is designed for cold conditions where heat retention is

critical. The **thermal hood, shoulder baffle and insulated zip baffle** work together to minimise heat loss and maintain internal warmth.

The **double-layer synthetic insulation** ensures consistent performance even in damp environments, making it suitable for unpredictable weather.

Construction and Materials

- **Filling:** 450 g/m² double-layer insulation
- **Composition:** 40% siliconised hollow fibre, 60% polyester
- **Outer shell:** 210T polyester ripstop (water-repellent)
- **Lining:** 190T pongee

The synthetic filling provides durability, moisture resistance and easy maintenance compared to down insulation.

Features and Practical Details

- Internal pocket for small essentials
- Compression stuff sack included
- Hanging loops for drying and storage
- Water-repellent outer material

Specifications

Dimensions	225 × 87 × 60 cm
Packed Size	50 × 27 cm
Weight	2.4 kg
Size	Large
Season	4 season

Temperature Ratings

- **Comfort:** -1°C
- **Lower Limit:** -7°C

Applications

- Cold weather camping
- Bushcraft and field use
- Autumn and winter conditions
- Extended outdoor stays

FAQ

Is this suitable for winter use? In conditions, but for extreme sub-zero environments a specialised winter sleeping bag may be required.

What is the difference between Defender, 250, 350 and 450? Defender, 250 for weather, and the 450 for cold environments with higher insulation.

Is synthetic insulation reliable in wet conditions? Synthetic insulation stays down when damp and dries faster.
