Description

Highlander Forces Military-Style Knife, Spoon, Fork Set - 4-Piece Stainless Steel Cutlery

The Highlander Forces Military-Style Cutlery Set is a rugged, field-ready solution for eating on the move. This 4-piece stainless steel kit includes a knife, fork, spoon and a separate can/bottle opener, all designed to nest together in a compact bundle for easy transport in rucksacks, webbing or mess tins.

Aim of the Product

This set is designed to provide a durable, reusable alternative to disposable cutlery in military, camping and outdoor environments. It offers all essential utensils in one compact package that is strong enough for repeated field use and simple to clean after meals.

Audience

- Military personnel and cadets
- Outdoor enthusiasts, campers and hikers
- Bushcraft and survival users
- Emergency and preparedness kit builders

Product Use

The set is intended for eating hot or cold meals outdoors, whether in field kitchens, campsites or expedition conditions. The separate opener allows you to open cans and bottles without extra tools, while the nesting design keeps all pieces together when packed away.

Specifications & Technical Details

- **Set contents:** Knife, fork, spoon, separate can/bottle opener
- **Material:** Stainless steel
- **Total length:** approx. 19.7 cm
- **Set weight:** approx. 155 g
- **Construction:** Strong, corrosion-resistant steel
- **Made in:** China

Package Contents

- 1 × Stainless steel knife
- 1 × Stainless steel fork
- 1 × Stainless steel spoon
- 1 × Stainless steel can/bottle opener

Care & Maintenance

- Wash with warm water and mild detergent after use.
- Dry thoroughly to help preserve the finish and avoid water spots.
- Store nested together to reduce rattling and save space in your pack.
- Avoid using abrasive cleaners that could scratch the surface.

Other Useful Information

The all-metal design makes this set highly resistant to breakage compared to plastic utensils, and ideal for long-term use in harsh conditions. Its simple construction means there are no fragile hinges or moving parts to fail, making it a reliable choice for forces-style rations, trekking meals and emergency kits.

Glossary of Terms

- **Stainless Steel:** A corrosion-resistant steel alloy widely used in outdoor and food-contact gear.
- **Nesting Design:** A layout where individual pieces fit together as a single compact unit for easier packing.
- **Can/Bottle Opener:** A dedicated tool for opening canned food and capped bottles, included as part of the set.
