Description

Highlander Rayet Hybrid 450E Sleeping Bag – 4 Season

The **Highlander Rayet Hybrid 450E Sleeping Bag** is a warm and spacious **4 season sleeping bag** designed for cold weather use. With a **comfort rating of -1°C** and a **lower limit of -7°C**, it provides reliable insulation in demanding outdoor conditions.

The **hybrid design with a wider foot box** offers additional space and comfort compared to traditional mummy sleeping bags, making it ideal for users who prefer less restrictive sleeping systems.

Key Features

- 4 season sleeping bag
- Comfort rating: -1°C
- Lower limit: -7°C
- Hybrid design with wider foot box
- Thermal hood with drawcord
- Shoulder baffle to reduce heat loss
- Full-length 2-way zip

ORDER CONFIRMATION

The Rayet Hybrid 450E combines thermal efficiency with improved comfort. The **wider foot box** allows more natural movement, while the **thermal hood and shoulder baffle** help retain heat in colder conditions. This makes it a practical choice for users who want both warmth and additional space during sleep.

Construction and Materials

- **Filling:** 450 g/m² double-layer synthetic insulation
- **Composition:** 40% siliconised hollow fibre, 60% polyester
- **Outer shell:** 210T polyester ripstop (water-repellent)
- **Lining:** 190T pongee

Synthetic insulation retains warmth even in damp conditions and dries quickly, making it suitable for unpredictable environments.

Features and Practical Details

- Internal security pocket
- Compression stuff sack included
- Hanging loops for storage and drying
- Compact pack size for its insulation level

Specifications

Dimensions	220 × 80 × 60 cm
Packed Size	45 × 24 cm
Weight	2.26 kg
Season	4 season

Temperature Ratings

- **Comfort:** -1°C
- **Lower Limit:** -7°C

Applications

- Cold weather camping
- Bushcraft and field use
- Autumn and winter conditions
- Users seeking more spacious sleeping bags

FAQ

What makes this different from the Defender 450? Rayet Hybrid 450E offers a more spacious and comfortable fit, while the Defender 450 focuses on maximum thermal efficiency in a traditional mummy shape.

Is this suitable for winter conditions? Yes, but extreme conditions may require specialised winter gear.

Is synthetic insulation reliable in wet conditions? Yes, synthetic insulation is reliable in wet conditions and dries quickly.
