Description

Highlander Tarp Shelter / Basha – Ranger Green

The **Highlander Tarp Shelter (Basha)** is a lightweight and versatile shelter designed for **bushcraft, military and outdoor use**. It provides reliable protection from rain, wind and environmental elements while maintaining a compact and portable format.

Constructed from **70D ripstop nylon** with a **5000 mm hydrostatic head waterproof rating**, this tarp offers dependable performance in demanding field conditions.

Key Features

- **5000 mm waterproof rating** for effective rain protection
- **Durable ripstop nylon** construction
- **PFC-free coating**
- **Taped seams** to prevent water ingress
- **Double-stitched loops** for secure setup
- **Press studs** to connect multiple tarps

Design and Function

The tarp can be configured in multiple ways depending on terrain and weather conditions. It can be attached to trees, trekking poles or other supports to create a quick and adaptable shelter.

Press studs along the edges allow multiple bashas to be connected, forming
