Description

Fallkniven A1 (Lam. VG10w Steel) Survival Knife - Satin Finish

The **Fallkniven A1** sets a new world standard for survival knives by focusing on technical design, ergonomics, and economic value. This versatile knife excels in both heavy-duty and precise cutting tasks, making it a must-have for survivalists and outdoor enthusiasts. Its durable construction and thoughtful design offer strength, personal security, and exceptional performance in extreme conditions.

Description:

The **Fallkniven A1** is a larger all-purpose survival knife designed to handle heavy use. It features a powerful blade made from laminated VG10w steel, known for its extreme hardness and toughness. This knife is perfect for chopping as well as finer daily tasks, thanks to its ergonomic Kraton handle. The full tang construction ensures that the handle won't break, even when used for striking. The knife is resistant to water and performs equally well in extreme cold or heat.

Available with two sheath options - **Zytel** or **Leather**. The Zytel sheath offers a secure, easy-to-clean, one-hand-operated design with a two-way locking mechanism, while the leather sheath provides a classic feel and versatile carry options.
