Description

The anti-fog nose clip for the disposable face mask is intended for spectacle wearers when the mask's built-in nose clip does not work well enough.

This clip will fit the mask tightly to the face, reducing the flow of blown air towards the glasses, thus reducing the chance of them fogging up.

Made of plastic with 3D printing.

Size: 3,4 x 2,0 x 1,6 cm

Weight - 5 g

Made in LV.
