Quick and Effective Way of
Applying Cold Treatment -
Cooling Action Goes Deep Down
to Relieve the Aches and Pains
of Overworked Muscles

Description

The **Masterplast Freeze Gel** is a quick and effective way of applying cold treatment where it is needed and may assist in the temporary relief of minor sprains, knocks, and bruises. Its cooling, penetrating action goes deep down to relieve the aches and pains of overworked muscles, tendons, and joints. Masterplast Freeze Gel combines the proven principle of cold treatment with the benefits of gentle muscle massage. The non-greasy formula ensures comfort without residue, providing relief for post-exercise recovery or everyday muscle discomfort.

Benefits:

- Targeted relief for tired and aching muscles
- Cooling menthol formula for a refreshing sensation
- Quick absorption with a non-greasy and pleasant gel texture
- Helps relieve minor sprains, knocks, and bruises
