Salesprice with discount Incl. VAT 21%: 61,09 €

Blade length: 21.0 cm Blade width: 4.4 cm Blade thickness: 1.8 mm Total length: 36.5 cm Weight: Approx. 158 g

Blade material: 3-layer laminate with Aogami Super

carbon steel core

Handle material: Hinoki wood, twisted octagonal shape

Hardness: 63-65 HRC

Sharpening: Double-sided symmetrical grind

## Care and Maintenance

This knife is made from high-carbon Aogami Super steel, known for extreme sharpness and edge retention. However, carbon steel is not stainless proper care is essential:

- Always dry the blade immediately after washing never let it air dry.
- Store in a dry place avoid leaving it wet on magnetic strips or in
- Apply camellia oil or a neutral edible oil if the knife won't be used for a while.
- Avoid prolonged contact with acidic foods (e.g., onions, citrus) these can accelerate rusting and leave patina stains.

# ORDER CONFIRMATION

- Do **not** put this knife in a dishwasher heat and chemicals can damage both blade and handle.
- Use soft cleaning products like cream cleansers and non-abrasive sponges to remove discoloration.

## About Aogami Super Steel

Aogami Super ("Blue Super Steel") is a high-performance carbon steel with excellent wear resistance and cutting power. It is the hardest steel in the Aogami family, thanks to the addition of vanadium.

# Steel Composition:

Carbon: 1.40 - 1.50%
Chromium: 0.3 - 0.5%
Tungsten: 2 - 2.5%
Vanadium: 0.3 - 0.5%
Manganese: 0.2 - 0.3%
Silicon: 0.1 - 0.2%
Phosphorus: 0.025%

• Sulfur: 0.004%

This steel requires advanced skills when used at higher hardness levels and is less tolerant to lateral stress, but in return offers superior edge sharpness and retention.

#### Warranty

The knife comes with a **24-month warranty** from the date of purchase, covering hidden material or manufacturing defects under the following conditions:

- The knife is used according to its intended purpose.
- Proper maintenance and storage are followed.

Note: Damage from misuse or improper care is not covered.
