Description

Nalgene Drinking Bottle "Oasis Sustain" – 1 L

The **Nalgene Oasis Sustain** is a modern reinterpretation of the classic camping canteen. Lightweight, extremely durable, and shaped for comfortable carrying, this 1-liter water flask combines traditional form with modern, sustainable materials.

Manufactured from **Sustain Tritan** using **50% certified recycled material**, the Oasis Sustain is BPA/BPS-free, leakproof, and built for long-term outdoor use. Its slim, kidney-shaped profile fits comfortably against the body and is easy to secure to a backpack or daypack with a carabiner.

Aim of the Product

Designed as a reliable hydration solution for outdoor activities, hiking, camping, travel, and everyday use, offering classic canteen ergonomics with modern sustainability and durability.

Key Features

- Made from 50% certified recycled Sustain Tritan
- BPA/BPS-free for safe drinking
- Leakproof screw cap with narrow mouth
- Lightweight, compact, and unbreakable
- Dishwasher safe and easy to clean
- Semi-translucent body for hydration tracking

ORDER CONFIRMATION

Classic Canteen Shape, Modern Performance

The Oasis Sustain takes inspiration from the traditional military and camping canteen. Its flat, kidney-shaped profile sits comfortably against the body and minimizes bulk in packs, while still providing a full **1-liter (32 oz)** capacity.

Durable & Leakproof Construction

The bottle features Nalgene's proven straight-shouldered, semi-buttress threading system, ensuring a secure seal even during rough transport. The narrow-mouth screw cap helps control flow and reduces spills.

Sustainable & Made to Last

Nalgene Sustain products are manufactured using recycled materials without compromising strength or safety. Built for repeated use, the Oasis Sustain is designed to last for years of outdoor adventures.
