Description

The compact and robust crank radio is always ready for use anywhere. It receives AM, FM and SW for all world news. The radio has an integrated and rechargeable lithium battery that can be charged via USB type C, the integrated crank generator or, in an emergency, via the integrated solar cell when the sun is shining. In addition, the emergency radio can also be operated with standard AAA batteries. Equipped with a power bank (4000mAh), flashlight and reading lamp, key lock, headphone jack, SOS alarm button, battery level indicator and hanging loop. The bright flashlight can be used in three different light modes. The SOS alarm button triggers a loud alarm to attract attention in an emergency. Ideal for camping and outdoor activities.

- works with rechargeable battery, hand crank, batteries (3x AAA) or solar
- bright flashlight with 3 different light modes
- power bank, battery level indicator, reading lamp
- headphone jack, hanging loop
- SOS alarm button
- compact and robust
- Capacity 4000 mAh
- Weight 349 g
- 15,3 x 5,3 x 7,5 cm
- Material ABS plastic
