Description

Very light and quick to inflate sleeping pad with very small pack size. With just a few breaths, the air mattress is inflated in seconds. The one-way valve prevents air from escaping between breaths. The honeycomb air chambers reduce air circulation, ensure high insulation properties and a comfortable sleeping experience. The sleeping pad is waterproof, durable and tear-resistant. Ideal for outdoor activities such as hiking, camping, cycling and the beach. The transport bag, repair kit and bundling belt are included in the scope of delivery.

- small pack size
- very good insulation properties
- waterproof and durable
- tear-resistant
