Description

Razor for changeable blades have a long tradition, shave gently, carefully and cleanly. Perfect for face shaving, body shaving, leg shaving etc. The butterfly mechanics with closed comb allows safe and rapid replacement of the razor blade (by turning the moving part at the end of the handle to open the razor head).

Perfect contours at sideburns or beard approach are no longer a problem. This handy razor is a good example of precision. The handle is 8,5 cm long.

No system-blade razor can offer such a less-expensive but clean and smooth shave!

Brand country - Germany.
