Description

Salewa Puez Trek Tent – Lightweight and Wind-Stable Trekking Shelter (2 & 3 Person)

The **Salewa Puez Trek Tent** is a lightweight and reliable trekking shelter designed for **multi-day hiking, trekking and outdoor travel**. Its **geodesic construction** provides excellent stability in wind and changing weather conditions, while maintaining good ventilation and interior comfort. Available in both **2-person and 3-person versions**, the Puez Trek offers a practical balance between weight, durability and usable space.

Stable Geodesic Construction

The tent's geodesic structure ensures a strong and self-supporting frame, improving stability in windy environments and uneven terrain.

- **Wind-stable design** for exposed conditions
- Balanced structure for strength and weight
- Suitable for trekking and mountain use

Weather Protection and Ventilation

ORDER CONFIRMATION

- **3000 mm water column** (fly and floor)
- Reliable protection against rain and moisture
- **Fresh Vent system** for airflow management
- Rain-protected entrance

The combination of waterproof materials and ventilation helps maintain comfort inside the tent during changing weather conditions.

Functional Outdoor Features

- **W-Tension system** for improved stability and pitch control
- Extendable and interchangeable anchor points
- Storm cords for additional security
- Quick-connect aluminium poles

Comfort and Storage

The Puez Trek is designed with practical storage and usability in mind, making it suitable for longer trips where organization matters.

- **Large front vestibule** for gear or cooking
- Internal storage pockets
- Luggage net for additional storage
- Tent bags at the entrance

Lightweight and Durable Materials

- Aluminium 7001-T6 poles (8.5 mm)
- 20D nylon ripstop flysheet (silicone + PU coated)
- 40D recycled nylon ripstop floor
- Recycled inner materials with mesh panels

The use of recycled fabrics reduces environmental impact while maintaining durability and performance.
