Description

Sealskinz Bacton Waterproof Cold Weather Roll Cuff Beanie Hat

The **Sealskinz Bacton Waterproof Cold Weather Roll Cuff Beanie** is a high-performance knitted hat designed to provide reliable protection in cold and wet conditions. Featuring a **three-layer Aquasealz™ waterproof construction**, this beanie keeps your head warm, dry and comfortable during outdoor activities or everyday use.

A soft **microfleece inner lining** delivers excellent warmth and comfort, while the acrylic knit exterior provides durability and moisture-wicking performance. Whether used in mountain environments, outdoor work or daily commuting in cold weather, the Bacton beanie offers dependable protection against the elements.

Key Features

- **Fully waterproof construction** using Aquasealz™ membrane technology

ORDER CONFIRMATION

- **Warm microfleece lining** for insulation and comfort in cold weather
- **Soft knitted outer layer** providing durability and moisture-wicking properties
- **Breathable three-layer design** helping regulate moisture and temperature
- **Versatile cold-weather hat** suitable for outdoor activities or everyday wear
- **Roll cuff beanie style** offering a comfortable and secure fit

Three-Layer Construction

The Bacton beanie uses a layered structure designed to maximise warmth and weather protection:

- **Outer Layer - Acrylic Knit:** Soft, lightweight and warm material with moisture-wicking properties.
- **Middle Layer - Aquasealz™ Membrane:** Waterproof hydrophobic membrane that prevents water penetration while allowing moisture vapour to escape.
- **Inner Layer - Microfleece Lining:** Warm and comfortable fleece interior that enhances insulation.

Design and Performance

The combination of acrylic and polyester fibres creates a durable knitted structure capable of withstanding regular outdoor use. The breathable Aquasealz™ membrane ensures that while external moisture is blocked, internal humidity can escape, helping maintain comfort during activity. The Bacton beanie is suitable for a wide range of environments, from hiking and winter sports to commuting and everyday cold-weather wear.

Hat & Cap Size Guide

Size	Head Circumference (cm)	Head Circumference (inches)
S / M	55 - 57 cm	21.6 - 22.4"
L / XL	58 - 61 cm	22.8 - 24"
XXL	62 - 63 cm	24.4 - 24.8"
ONE SIZE	Up to 58 cm	Up to 22.8"

How to Measure

Measure the circumference of your head just above your eyebrows using a measuring tape. Ensure the tape runs evenly around the head for an accurate measurement.

Specifications

Product Type	Waterproof knitted beanie hat
Outer Layer	100% Acrylic
Middle Layer	Aquasealz™ waterproof membrane
Inner Layer	100% Polyester microfleece
Construction	Three-layer waterproof knitted design

FAQ

Is the Sealskinz Bactene beanie fully waterproof? which prevents water penetration while allowing moisture vapour to escape.

Is the hat suitable for cold weather? insulation and comfort in colder temperatures.

Can the beanie be used for outdoor sports? Is it suitable for hiking, winter activities, commuting and other outdoor use.

How should the beanie be washed? 30°C and should be drip dried. Avoid ironing, bleaching or dry cleaning.

Glossary

- **Aquasealz™:** A waterproof membrane technology used in Sealskinz products that blocks water while allowing moisture vapour to escape.
- **Microfleece:** A soft synthetic fleece material designed to provide insulation while remaining lightweight.
- **Moisture-wicking:** A fabric property that draws moisture away from the skin to help maintain comfort.

GPSR Safety Information

Use the product only for its intended purpose as a garment for cold-weather protection. Keep away from open flames and strong heat sources.
