Description

Sealskinz Cley Waterproof Beanie - Lightweight Cold Weather Protection

The **Sealskinz Cley Waterproof Beanie** is a lightweight, close-fitting knitted hat designed for **cold and wet weather conditions**. Built with a **three-layer Aquasealz™ construction**, it combines warmth, breathability and full waterproof protection in a minimal, everyday design.

Inspired by the traditional **toque-style beanie**, the Cley offers a simple, low-profile look suitable for both outdoor activities and daily use.

Waterproof and Breathable Construction

Unlike standard winter hats, the Cley integrates a waterproof membrane that keeps rain and snow out while allowing moisture to escape from the inside.

- **Aquasealz™ membrane** provides reliable waterproof protection
- Breathable design helps reduce overheating and moisture build-up
- Suitable for wet, cold and changing weather conditions
