Description

SHARPI Water Stone 2000/5000

The SHARPI water stone is an ideal solution for professional and home users looking for precision sharpening. Featuring dual grit levels (2000 for fine sharpening and 5000 for polishing), this stone provides everything you need for keeping your knives in top shape.

Key Features:

- **2000 Grit:** Smooths the blade after coarse sharpening, removing small scratches and preparing it for final polishing.
- **5000 Grit:** Provides a refined, sharp edge for exceptional blade performance.
- **Durability:** Manufactured to the Japanese JIS R6001 standard, ensuring long-lasting performance and fast sharpening.
- **Versatile Use:** Ideal for sharpening kitchen knives, scissors, garden tools, axes, machetes, razors, chisels, pocket and hunting knives.
- **High-Quality Material:** Made from Al2O3 corundum, this stone offers a long service life and minimal wear.
- **Ergonomic Dimensions:** Compact size (180x60x28mm) for ease of use and handling.
