Description

Sightmark Latitude 8-32×60 F-Class Riflescope

Purpose-built for mid- to extreme-distance precision, the **Sightmark Latitude 8-32×60 F-Class** bridges the gap between affordable optics and true competition performance. Housed in an **aircraft-grade, 34 mm one-piece tube**, this scope delivers premium fully multi-coated glass, a daylight-bright red/green illuminated **F-Class MOA reticle** and a massive 60 mm objective for superior dawn-to-dusk clarity. Shock-rated to .50 BMG and **IP67 waterproof** (1 m / 30 min), the Latitude stands ready for F-Class and ELR matches where absolute tracking, repeatability and fine aiming-dot control (.06 MOA) are critical.

- Premium, scratch-resistant fully multi-coated lenses
- Large 60 mm objective gathers maximum light
- Second-focal-plane illuminated F-Class reticle (red/green, 10 brightness levels)
- Oversized, tactile 1/8-MOA turrets—**110 MOA elevation / 70 MOA windage**
- Zero-stop elevation dial for tool-less, “no-look” return-to-zero
- Locking, fast-focus eyepiece preserves dioptre setting
- Nitrogen-purged, shockproof, fog-free and dustproof (rated to -28 °C ... +71 °C)
- 34 mm main tube compatible with common precision-ring solutions
- Lifetime warranty upon product registration

To give long-range competitors and precision hunters a rugged yet cost-efficient optic that maintains crystal-clear resolution and reliable

ORDER CONFIRMATION

1/8-MOA tracking out to – and beyond – 1,000 yards.

F-Class and F-TR shooters, ELR enthusiasts, varmint hunters, tactical marksmen and anyone who demands big-objective light transmission, ultra-fine aiming and repeatable turret performance without the boutique price tag.

- Latitude 8-32×60 riflescope
- Slip-on 60 mm sunshade
- CR2032 battery (pre-installed) + spare
- Reticle/focus locking tool
- User manual
- Lifetime warranty card
- Install with 34 mm precision rings; level scope and torque to manufacturer spec.
- Zero at preferred distance—1 click = 1/8 MOA (≈ 3.6 mm @ 100 m).
- Set zero-stop ring to return instantly to baseline after dial-ups.
- Select reticle illumination colour/brightness for contrast against target or mirage.
- Lock eyepiece ring after dioptre focus to maintain a crisp reticle under recoil.

Magnification Range	8 × – 32 × (4 : 1 zoom ratio)
Objective Diameter	60 mm
Reticle	Etched F-Class MOA, red/green illumination (SFP)
Tube Diameter	34 mm, single-piece aluminium
Turret Click Value	1/8 MOA (0.125 " @ 100 yd / 3.6 mm @ 100 m)
Total Adjustment	Elevation 110 MOA • Windage 70 MOA
Eye Relief	≈ 95 mm
Length × Width × Height	357 × 90 × 75 mm
Weight	\varnothing approx. 1.1 kg (w/o mounts)
Environmental Rating	IP67 – submersible 1 m / 30 min, -28°C ... $+71^{\circ}\text{C}$
Body Finish	Hard-anodised matte black

Glossary

- **MOA (Minute of Angle):** Angular unit—1 MOA ≈ 29.1 mm at 100 m. 1/8 MOA click equals ≈ 3.6 mm correction at 100 m.
- **SFP (Second Focal Plane):** Reticle stays constant size when zooming, allowing ultra-fine aiming dot (.06 MOA) at full magnification.
- **Zero-Stop:** Mechanical stop that lets turrets spin down to pre-set zero without visual reference—ideal for “dial-up, dial-back” engagements.
- **IP67:** Dust-tight and water-immersion rated (1 m for 30 min).
