Description

SNIGEL Sleeping Bag Cover with Hood 2.0

The **SNIGEL Sleeping Bag Cover with Hood 2.0** is a lightweight, field-ready bivy cover designed to enhance comfort and protection for soldiers and outdoor professionals sleeping in variable weather conditions. Compact, durable, and reliable, it ensures a restful night's sleep anywhere – from field camps to harsh outdoor environments.

Made for professional use, this **sleeping bag cover** provides full protection for your sleeping bag from moisture, wind, and insects. It includes a **hooded design** for added insulation and a **removable mosquito net** for versatility across all climates. All seams are **fully taped** to maintain waterproof integrity, and an **elastic cord around the opening** ensures a snug and secure fit during use.

Key Features

- **Lightweight protective cover** with hood and zippered access
- **Removable mosquito net** attached via zipper for adaptable use
- **Elastic cord** around the hood opening for adjustable comfort
- **Zipper with protective flaps** on the left side to prevent water ingress
- **Velcro name patch areas** near the opening and base for personal identification
- **All seams are taped** to ensure full water resistance
- **Compact and lightweight** design for easy packing and deployment
