Description

Suited Systems DROPBAG (Sizes M & L)

Overall Description

The **Suited Systems DROPBAG** is a roll-up dump pouch built from IRR-treated Cordura® for stowing empty magazines or any mission-critical gear that needs fast, one-handed storage. Available in **Ranger Green** or **Multicam**, the pouch rolls into a compact bundle and deploys instantly via a high-quality buckle.

Aim of the Product

Designed to give operators expandable, snag-free storage on belts, plate carriers or packs—keeping spent mags out of the way and freeing pockets for fresh ammunition or other essentials.

Audience

Ideal for military and law-enforcement shooters, competitive 3-gunners, range enthusiasts or field users who need durable, high-capacity drop storage that stays out of the way until required.

Product Use

- Mount to **MOLLE / tactical belt** or pack via rear webbing slots.
- For patrol carry: **roll** the pouch, clip the buckle—minimal bulk.
- When needed: unclip, let pouch drop open, start stuffing empty magazines or gear.
